

REMARKS

On paragraph of the Specification has modified. Claims 1-7, 16-20 have been canceled. Claim 8 has been rewritten. Claims 9-15 and 21 remain as original.

The Examiner objected to the drawings in that "the element 52 in the drawing...not mentioned in the description" This objection is overcome by adding at the second line of page 4 --of a screen 52--. Since numeral 52 is clearly shown in Fig. 5, no "new matter" has been added.

The Examiner rejected claim 19 under 35 U.S.C.112 as being indefinite, citing that the phrase "wherein said flexible surface is air" is indefinite. The claim has been canceled.

The Examiner rejected claims 7, 18 and 19 under 35 U.S.C. 102 as being anticipated by Gates. Claims 7, 18 and 19 have been canceled.

In view of the above, it is submitted that claims 8-15 and 21, as amended, be allowed. Reexamination of the objections and rejections is requested. Since the applicant is over 65 years of age, allowance of claims 8-15 and 21 at an early date is solicited.

Respectfully submitted,

Hung Chang Lin
